

Preliminary Study

The municipality of Marktredwitz and the office UmbauStadt are currently undertaking a so called „vorbereitende Untersuchung“ (loosely translatable to preliminary study) in the school district. The study's results will be translated into a master plan, which contains strategies for urban planning and public space. In reference to the study, developments in the district may be supported by public funding.

The evaluation is ought to detect shortcomings as well as positive facets and characteristics of the area. The school district will be observed under consideration of aspects like buildingstructure, infrastructure, green and public space as well as social aspects.

Take Part, today!

Centre of attention will be the people who live, work here and utilise the area in everyday life. Therefore your point of view is of highest importance to the municipality and the planners in order to integrate your expertise into the study. Create the change you would like to see in the school district by answering our questionnaire. We are looking forward to being inspired by your input.

Wait a minute Mr. Postman...

Our Mailboxes are positioned all over the school district – the exact locations are noted in the map. Please enter your form in one of the mailboxes. If you like to give us further information on your point of view, please do not hesitate to send us a letter via the mailboxes or contact us by e-mail (mak@umbaustadt.de).

Any information you may give us is considered helpful. We are looking forward to your mail!

For further information visit: www.stewog.de/vu-schulzentrum

Thank you for your effort.

I'm MAKing a change. Are you?

Please, take some time for the development of your neighbourhood by telling us what you like about it and what may be improved.

Take part!
